

# A special message from SDP founder Priscilla Hauser MDA

Dear Painting Friends,

Don't you remember all the good times we have had painting together? For goodness sakes, I want to hear from you, the Society wants to hear from you!

You have all heard me say, "With brush in hand, my mind empties of all its sorrows, and the beauty in life smiles." Well, you'll be smiling very big when you renew your membership in SDP to celebrate our 35th anniversary! Oh, I'm so excited!!

Oh boy! Wait 'til you see what we have in store for you for our 35th anniversary. I wouldn't miss it for anything ... renew right now! I want you right there with me.

You know my favorite thing to do when it is storming over the Gulf of Mexico is take off all my clothes, turn on "Phantom of the Opera" as loud as I can and paint like a mad woman! Well, next year is that exciting and more ... more ... more. And you don't even have to take off your clothes!

Let's make more memories together, you and me. If you haven't renewed yet, do it this minute.

Because paint holds us together!

I don't remember this gentleman's name, but he did help me prove that you can paint on anything!

Remember when my crazy friends came out dressed as "Priscilla through the Ages"? I couldn't have been more surprised!

Carol Duwall didn't believe me when I told her everyone could paint. But I proved her wrong, didn't I?

Love & Hugs,  
Priscilla

P.S. Your friendship means so much to me ... and to SDP.

There are so very many reasons to renew your membership:

New! Quick gift-giving projects

80+ projects for the price of four packets!

More bite-sized tips and techniques

All the top artists you requested in your Reader's Survey

## Easiest Renewal Ever!

Renewing your membership is a breeze! If you have not renewed, your membership invoice envelope was included with this issue of The Decorative painter. Just check the invoice to ensure that your information is correct and send in your payment. Remember: return your renewal before Dec.1 to save \$5.
